And now straw hats are being worn.
The jonquil and
The jay
May fool the land,
I say.
The straw hat is the only thing
That truly harbingers the spring.

KANSAS CITY, Mo., is building its second public bath. The building will be 60x24 feet, and will have facilities for 800 baths a day.

MANY prominent Democrats are urging ex-Senator J. B. McCREARY to make the race for Governor. Better see Editor BECKHAM before he makes his announcement.

FLIRTING with Mars at ten million dollars a flirt seems a little bit high to the average earth being. If we had ten million dollars we wouldn't want to flirt with Mars, when we could have such a good time where the real fun is for a heap less money.

COULD there be any more disgusting brand of politics than the Louisville brand, Republican and Democratic alike? Disreputable is hardly the right name. CRAZY SNAKE is an elegant gentleman compared with the professional Louisville politician. And some of the newspapers are worthy exponents of the same bum school.

SEVENTY-FIVE per cent. of the Democrats that have appeared before the Ways and Means Committee have opposed a reduction of the Tariff. Some would increase it. Others would add duties on articles that are now on the free list. About the only excuse these Democrats could give for voting for Mr. BRYAN would be that they knew he could not be elected.—Winchester Sun-Sentinel.

THE Civic Union of Seattle, Wash., at its annual meeting, voted to support the proposition for an issue of park bonds to the amount of \$1,000,000, provided that at least \$250,000 of that amount be applied to the acquisition and improvement of playgrounds and neighborhood centers.

It seems that it has just been discovered that kidnaping is a very heinous crime. Every month some poor family has children stolen and very little is ever heard of it, but when a child of the rich is kidnaped "it is awful." The inequalities of human life are so glaringly unjust that it is enough to make one believe that people prefer to follow their animal rather than their angelic instincts.

THE Tariff question is a delicate and a dangerous proposition to monkey with. It would have been a good idea to have left "well enough alone" and to have increased the revenue by an inheritance and an income tax or by some other means "equally as wise." The Republicans know all about the benefits of a sweeping high Protective Tariff, and they know, too, by experience, that to change even a few schedules is to disarrange the entire fabric of commercial trade. Meddling with the Tariff has wrecked the Democratic party, because, after all, the wage-earner pays the freight every time a schedule is lowered, as he has to stand the cut from his wages.

KENTUCKY ODDFELLOWS

The Order in This State Has Prospered the Past Year

Mr. R. G. Elliott of Lexington, Grand Secretary of the Kentucky Grand Lodge of Oddfellows, has just completed and issued the annual report of the Order in this State for the year 1908.

There are 369 I. O. O. F. Lodges, with a total membership of 27,599, an increase of 1,522 in a year.

The total number admitted into the Order in the course of the year by initiation, reinstatement, etc., was 3,583. Deceased members, withdrawals by card, suspended for non-payment of dues, etc., 2,959.

Paid out for relief of members, burial expenses, to widows and orphans and special relief, \$102,931.58; total receipts from all sources, \$300,469.13; number of weeks' sickness for which benefits were paid, 17,555; paid for current expenses for Subordinates \$90,993.97; paid for Grand Lodge expenses, \$6,543; invested sums of Subordinates, \$110,733.23; invested funds of the Grand Lodge, \$9,482.76.

Former County Clerk Hiram Smedley was indicted at Paducah in twenty cases, charged with uttering false instruments and obtaining money under false pretense and by forgery.

William Tolliver, who was adjudged a lunatic in the County Court Wednesday and left in charge of his mother until the time for his departure to the Asylum, came up missing yesterday when the time of his going away had arrived. When sought for William had hiked for other parts.

The State Board of Assessment fixed the value of the franchise of the L. and N. Railroad Company at \$8,891,050, on which the Company will pay \$44,455. The Company asked a reduction of assessment from \$7,000 to \$6,000 per mile, but the Board refused. The assessment is the same as last year.

Bracken Chronicle: "A Cincinnati man has a number of men employed securing myrtle that grows in the various Cemeteries in this vicinity, for which he pays them \$2 per thousand and plants. It is said that the myrtle is used in Jewish graveyards, those of that faith refusing to allow grass to grow therein."

Dover News: "The Augusta Shoe Factory is trying to make arrangements with the C. and O., so that parties from Dover can go back and forth each day and thus work in the factory and board at home. After a sufficient number have learned the business the Company will take up the matter of establishing a department of the factory in Dover."

The present May rise of 44.3 is several feet higher than any recorded stage in the Ohio river. After overflowing the bottom lands and destroying untold thousands of dollars worth of growing crops it is now receding and going back to a normal stage. The corn belt of the Ohio Valley, the richest and most productive in the world, has been inundated and will all have to be replanted. In and about Maysville considerable damage has been done to growing garden truck, all of which will have to be replanted, and the crops that promised early marketing very much belated.

CARD OF THANKS.

I desire to thank all those who were so kind to me during the time of the death of my son, Eddie Parker, and for the many expressions of sympathy from friends.

STANTON MEMORIAL

Subscriptions Invited to a Fund Being Raised For Purpose of Fittingly Marking His Grave

The recently-published suggestion from Dr. A. G. Browning that the friends and admirers of the late Hon. Richard H. Stanton fittingly mark his obscure grave in the Maysville Cemetery has met the approval of a number of Judge Stanton's old friends, who express a desire to contribute to the laudable movement. Subscription papers have been left at both THE LEDGER and Bulletin offices and parties who desire to contribute to the cause may do so at either place. The names of the subscribers, together with the amounts donated, will be published as received.

"Hon. Richard H. Stanton, before passing away, personally inscribed upon the hearts and memories of every 'Man from Maysville' indelible evidences of his manhood and humanity—upon the records of his country a name nothing short of famous."

Don't Make a Mock- Sacrifice

The duty of dressing well is, primarily, a business one. Secondly, it is a question of self-respect and good taste. No worth-while consideration, urges for carelessness in dress. It is not "economy;" it is not "self-sacrifice" for one's family, for it would be a mock sacrifice; it is not to be condoned on the plea that one is "too busy" with more important things, for there are not many things more important.

Mrs. Retta Royce and little daughter, Mary Nell, are here from Cincinnati and will spend the summer with Mr. and Mrs. Albert Emmons.

Mr. C. C. Degman's beautiful alfalfa meadow was just ready for its first mowing when the backwater came over it, which spoils it for hay, but will not injure the quality for the next clip, six weeks hence.

Many wildflowers were killed by last autumn's severe drouth. Those most regretted are hepatica, that earliest of spring bloomers, and a few varieties of fern. While some of us are mourning the loss of these favorites of the wild-wood farmers are rejoicing that from the same cause some noxious weeds have disappeared.

Mr. James Sweet has acquired fame as a "life-saver." When cattle are prostrated with the blot that follows vegetable poison he inserts a stick of wood (a thick rope is said to be better) in the mouth, thus prying the jaws apart. Cattle have been quickly relieved by such treatment after having been given up to die.

BURDENS LIFTED

From Maysville Backs—Relief Proved By Lapse of Time.

Backache is a heavy burden; Nervousness wears one out; Rheumatic pain; urinary ills; All are kidney burdens—Daily effects of kidney weakness. No use to cure the symptoms; Relief is but temporary if the cause remains. Cure the kidneys and you cure the cause. Relief comes quickly—comes to stay. Doan's Kidney Pills cure kidney ills. Prove it by your neighbor's case. Here's Maysville testimony; The story of a permanent cure: William H. Paul, 333 East Third street, Maysville, Ky., says:

"For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon brought me relief. I cheerfully indorse this remedy as one that lives up to the claims made for it."

The above statement was given on December 13th, 1904, and on February 6th, 1905, Mr. Paul added:

"My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been lasting and I am now in good health."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
